

Bouma, Berea College

- Handouts to introduce second module used in Social Problems class
- Hand-out 1 is given at beginning of class; students discuss tables and write brief summaries - entire class period spent teaching how to talk and write about findings; develop idea of control variable
- Hand-out 2 is passed out at end of class. Students are asked to review write-up – following day, given a quiz asking them to describe set of tables; module distributed afterwards]
