

Igneous Station Cards (copy 3 times)

<p style="text-align: center;">Stay, you are going nowhere!</p> <p style="text-align: center;">You are part of the Earth's crust!</p>	<p style="text-align: center;">Rainwater, which is slightly acidic, has slowly dissolved you at the Earth's surface.</p> <p style="text-align: center;">Go to Sediments / Sedimentary station.</p>
<p style="text-align: center;">Stay, you are going nowhere!</p> <p style="text-align: center;">You are part of the Earth's crust!</p>	<p style="text-align: center;">You have been pushed you further down into the crust of the Earth.</p> <p style="text-align: center;">Stay put!</p>
<p style="text-align: center;">You are still a buried igneous rock formed by the cooling of magma!</p> <p style="text-align: center;">Your crystals are large and beautiful.</p> <p style="text-align: center;">Stay put!</p>	<p style="text-align: center;">Mountain building has pushed you further down into the crust of the Earth. You are so far now that you have been squeezed and heated. Your minerals have rearranged and changed. Your crystals have been squeezed into wavy layers.</p> <p style="text-align: center;">Go to metamorphic!</p>
<p style="text-align: center;">You have been weathered at the Earth's surface by frost wedging.</p> <p style="text-align: center;">Go to Sediments / Sedimentary station.</p>	<p style="text-align: center;">Mountain building has pushed you further down into the crust of the Earth that you have melted into magma.</p> <p style="text-align: center;">Go to the magma station!</p>
<p style="text-align: center;">You have been weathered at the Earth's surface by wind and water.</p> <p style="text-align: center;">Go to Sediments / Sedimentary station.</p>	<p style="text-align: center;">Mountain building has pushed you further down into the crust of the Earth that you have melted into magma.</p> <p style="text-align: center;">Go to the magma station!</p>
<p style="text-align: center;">The roots of plants and burrowing animals have weathered you.</p> <p style="text-align: center;">Go to Sediments / Sedimentary station</p>	<p style="text-align: center;">You have been pushed you further down into the crust of the Earth. You are so far now that you have been squeezed and heated. Your minerals have rearranged and changed.</p> <p style="text-align: center;">Go to metamorphic!</p>

Magma Station Cards (copy 3 times)

<p>You are too hot! Stay below the Earth's surface.</p>	<p>You cooled slowly and developed and large crystals. Go to igneous!</p>
<p>You won't cool down! You are trying to get above the Earth's surface, but have not made it! STAY!</p>	<p>You cooled slowly and developed and large crystals. Go to igneous!</p>
<p>STAY!!!</p>	<p>You just blew out of a volcano! No crystals for you. Go to igneous!</p>
<p>Guess What! You are staying!</p>	<p>Guess What! You are staying!</p>
<p>You have erupted from a volcano! Go to igneous.</p>	<p>BOMBS AWAY! You just blew out of a cinder volcano cone! Go to igneous!</p>
<p>You have erupted from a volcano! Go to igneous.</p>	<p>STAY!!!</p>

Sediments / Sedimentary Station Cards (copy 3 times)

<p>You have settled to the bottom of a great blue sea! You have settled, compacted and cemented! Enjoy the rest! STAY!</p>	<p>Oops! You have been weathered away! But - guess what you are still sediments - STAY!</p>
<p>STAY FLAT - you are going nowhere!</p>	<p>You have settled, compacted and cemented, you are going nowhere! STAY!</p>
<p>More sediments are being buried on top of you! Enjoy the pressure during your stay!</p>	<p>You have had way too much pressure and heat! Go to metamorphic!</p>
<p>You have been uplifted and weathered! You have changed from a sedimentary rock to sediments! STAY!</p>	<p>You have been buried so deep and for so long, you have now melted! Go to magma!</p>
<p>You have been pushed down so far the heat is just too great! You melted, go to magma!</p>	<p>The pressure is just too great! You have rearranged your crystals! Go to metamorphic!</p>
<p>You have settled to the bottom of a great blue sea! Enjoy the rest! STAY!</p>	<p>You have been buried so deep and for so long, you have now melted! Go to magma!</p>

Metamorphic Station Cards (copy 3 times)

<p>STAY!!!</p> <p>You continue to be hard pressed.</p>	<p>You have been uplifted to the surface of the Earth and weathered!</p> <p>Go to sediments / sedimentary</p>
<p>You are stuck between a rock and a hard place!</p> <p>Stay!</p>	<p>You have been uplifted to the Earth's surface, but you are hard and resistant to weathering!</p> <p>STAY!</p>
<p>You have been buried even deeper! You have gone through recrystallization again!!!</p> <p>Stay!</p>	<p>You are up lifted, weathered, and traveled down stream as sediments.</p> <p>Go to sediments / sedimentary!</p>
<p>You have been buried so deep you melted!</p> <p>Go to magma!</p>	<p>You are stuck and going nowhere!</p> <p>Stay!</p>
<p>You have been buried so deep you melted!</p> <p>Go to magma!</p>	<p>You are up lifted, weathered, and traveled downstream as sediments.</p> <p>Go to sediments / sedimentary!</p>
<p>More pressure and heat has rearranged your atoms and crystals! STAY!</p>	<p>More pressure and heat has rearranged your atoms and crystals!</p> <p>STAY!</p>
