

Engaging Students in Large Classes Worksheet

Summary

- Prepare your class plan.
- Prepare your teaching team (if applicable).
- Set goals for yourself and your students.
- What will you use to engage the students?
- Bring your personal experiences to the classroom.

Identify a large class that you might teach.

What are your top 5 goals for what students will learn in this class? How will you assess them?

What concept do you want students to better understand?

How will you engage the students?

How will you know it is working? What assessments will you use?

What are the outcomes (goals) for you?
