

REU Workshop Feedback - 2013

Title of Workshop: What is Research? (Steve Edburg and Devlin Montfort)

Questions

1. List 3 to 4 of the most important things you learned from this workshop – (it's ok to refer to your notes/logbook etc.)...i.e. what information did you learn that you think will be helpful to your research this summer.
2. Were you able to understand the material that was presented? Why or why not?
3. What could be done to help students understand the material better?
4. Have you ever seen any of this information before? If so where?
5. What aspect(s) of the workshop were most helpful and why?
6. What aspect(s) of the workshop were least helpful and why?
7. Are there other aspects of the workshop that could be improved?
