

MAKE A DIFFERENCE

Get involved with Mercy College's Center for STEM Education to help close the achievement gap for underrepresented groups in STEM!

Your expertise or sponsorship can make a difference in exciting students and engaging them in these fields for the future.

HOW YOU CAN HELP:

- Donate your time - be a guest speaker or allow a student to shadow you at your STEM job
- Be an advocate for your local school district's budget and STEM efforts
- Sponsor a student for Saturday STEM Academy for \$300
- Fund a FLORES program for 10 families for \$2,000 or 20 families for \$4,000
- Buy STEM materials for classrooms or after-school programs

FOR MORE INFORMATION, PLEASE CONTACT:

Amanda M.Gunning, Ph.D. at agunning@mercy.edu or

Meghan Marrero, Ed.D. at mmarrero3@mercy.edu
