

CURE Entry – By 10 am today

Please finish drafting the following elements of your CURE entry:

- Title
- Image or institutional logo as the image for your entry
- Research goals and Student goals
- CURE design, including how you will structure the CURE to maximize equity and who the stakeholders are
- At least 1 (ideally more) set of objectives aligning student and research goals
- 1 example lesson, assignment, guidelines (put in Instructional Materials section)
- 1 example assessment tool (e.g., rubric; put in Assessment section)
- Instructional staffing (if more than one person is involved in instruction)

If you are finished with the above, work on drafting these sections:

- Abstract
- Context
- Iteration
- Using CURE data
- Resources (e.g., papers related to the science research)
- Tags (i.e., keywords)
