

**2017 Visualization in Science and Education  
Pre-Conference Workshop: Educating Skillful Visualizers**

**Application Form**

<i>Name:</i>	
<i>Address:</i>	
<i>City:</i>	<i>State/Province:</i>
<i>Postal Code:</i>	<i>Country:</i>
<i>Phone:</i>	
<i>E-mail:</i>	
<i>Position:</i>	
<i>Institutional Affiliation:</i>	

Please briefly describe your experience/interest in scientific visualization:

Strand Preference:

- Fostering visualization proficiency
- Assessing visualization proficiency

If you're interested in the *Fostering* strand, please answer these two questions.

1. What is your experience in teaching with visualizations and/or developing curricula that use visualizations?

2. What do you think is the most important learning goal for students to achieve with respect to their use of visualizations?

If you're interested in the *Assessment* strand, please answer these two questions.

1. Will you be bringing a visualization of your own for discussion? If so, please describe the visualization, and your goals for assessing it.

2. What do you find to be the hardest and/or the most important learning goal to assess with respect to students' use of visualizations?

E-mail your completed form to Dr. Kim Kastens ([kastens@ldeo.columbia.edu](mailto:kastens@ldeo.columbia.edu))
