## Preview of Form: InTeGrate GLE+ post survey

Past revision from 9:32 am Feb 26, 2013

Student ID

Student ID (required)

## Question 1

Have you formally declared a college major yet?

- Yes  No

If you **have formally declared** more than one major, you may select more than one choice:

- Arts (studio or performing)  
 Biology/life sciences/ecology  
 Business  
 Chemistry or physics  
 Economics  
 Education  
 Engineering or Computer Science  
 Environmental Sciences/ Environmental Studies  
 Geosciences (includes Atmospheric Sciences, Meteorology, Ocean Sciences, Geology, Geophysics)  
 Humanities (includes English, foreign languages, history, philosophy)  
 Social sciences (includes psychology, sociology, anthropology, archeology, political science)

A major that is not on this list. Please specify:

If you **have not declared**, how likely are you to choose each of the following undergraduate majors?

Arts (studio or performing)

- Will probably choose  Might choose  Will definitely NOT choose

Biology/life sciences/ecology

- Will probably choose  Might choose  Will definitely NOT choose

Business

- Will probably choose  Might choose  Will definitely NOT choose

Chemistry or physics

- Will probably choose  Might choose  Will definitely NOT choose

Economics

- Will probably choose  Might choose  Will definitely NOT choose

Education

- Will probably choose  Might choose  Will definitely NOT choose

Engineering or Computer Science

- Will probably choose  Might choose  Will definitely NOT choose

Environmental Sciences/ Environmental Studies

- Will probably choose  Might choose  Will definitely NOT choose

Geosciences (Atmospheric Sciences, Meteorology, Ocean Sciences, Geology, Geophysics)

- Will probably choose  Might choose  Will definitely NOT choose

Humanities (English, foreign languages, history, philosophy)

- Will probably choose  Might choose  Will definitely NOT choose

Social sciences (psychology, sociology, anthropology, archeology, political science)

- Will probably choose  Might choose  Will definitely NOT choose

## Question 2

How interested are you in the following careers, employers, or fields of employment?

Engineering

- Very Interested  A little bit interested  Definitely NOT interested  Don't know enough to judge

Environmental consulting

- Very Interested  A little bit interested  Definitely NOT interested  Don't know enough to judge

Environmental journalism

- Very Interested  A little bit interested  Definitely NOT interested  Don't know enough to judge

Environmental law

- Very Interested  A little bit interested  Definitely NOT interested  Don't know enough to judge

Government agency (e.g. NOAA, NASA, EPA, USGS)

- Very Interested  A little bit interested  Definitely NOT interested  Don't know enough to judge

Health/medicine

- Very Interested  A little bit interested  Definitely NOT interested  Don't know enough to judge

Hydrology or water resources

- Very Interested  A little bit interested  Definitely NOT interested  Don't know enough to judge

Land use planning

- Very Interested  A little bit interested  Definitely NOT interested  Don't know enough to judge

Mining industry

- Very Interested  A little bit interested  Definitely NOT interested  Don't know enough to judge

Oil and gas industry

- Very Interested  A little bit interested  Definitely NOT interested  Don't know enough to judge

Professor in college or university

- Very Interested  A little bit interested  Definitely NOT interested  Don't know enough to judge

Public Policy

- Very Interested  A little bit interested  Definitely NOT interested  Don't know enough to judge

Sustainability officer

- Very Interested  A little bit interested  Definitely NOT interested  Don't know enough to judge

Science teacher in primary or secondary school

- Very Interested  A little bit interested  Definitely NOT interested  Don't know enough to judge

## Question 3

As you consider career directions after graduation, how important is it to you to do work in which you use your knowledge of the earth and environment? Please select one number:

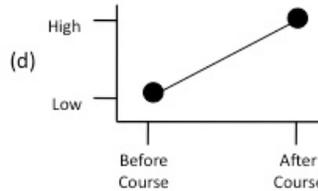

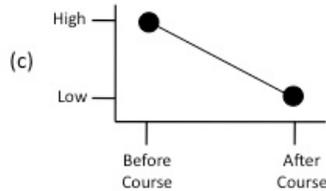

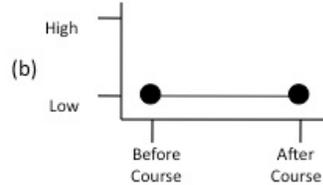

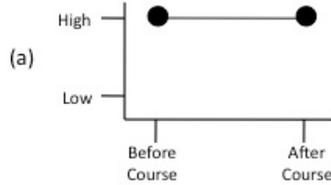

- 1 (Not Important)  2  3  4  5  6  7 (Very Important)

As you consider employment after graduation, how important is it to you to work in an organization committed to environmentally sustainable practices (independent of the field)? Examples of environmentally sustainable practices would include minimizing energy and water use in the workplace. Please select one number:

- 1 (Not Important)  2  3  4  5  6  7 (Very Important)

## Question 4

Which of the following graphs most accurately depicts your level of interest in a career in Earth or Environmental Sciences before and after taking this course or studying this module?

Please select the graph which most accurately depicts your level of interest in a career in Earth or Environmental Sciences before and after taking this course or studying this module.

- Graph A  
 Graph B  
 Graph C  
 Graph D

## Question 5

Please indicate your level of concern about each of the following potential developments on the Earth. Focus on the impact on your region in your lifetime.

Global climate change

- Not a problem    Somewhat of a problem    Major problem

Population growth

- Not a problem    Somewhat of a problem    Major problem

Meteor impact

- Not a problem    Somewhat of a problem    Major problem

Loss of biodiversity

- Not a problem    Somewhat of a problem    Major problem

Energy resource limitations

- Not a problem    Somewhat of a problem    Major problem

Water resource limitations

- Not a problem    Somewhat of a problem    Major problem

Mineral resource limitations

- Not a problem    Somewhat of a problem    Major problem

## Question 6

How often do you talk to your friends and family about ways that you affect the environment?

- a lot
- a fair amount
- only a little bit
- I may have mentioned something once or twice
- not at all

I am willing to buy fewer things in order to reduce my impact on the environment:

- almost always or always
- quite frequently
- sometimes
- not very often
- hardly ever or never

## Question 7

Please indicate which of the following you have done in the last week (mark all that apply):

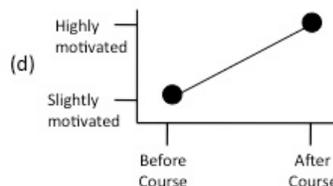

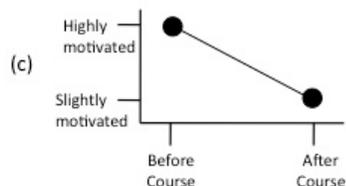

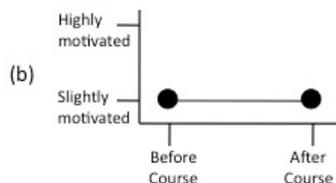

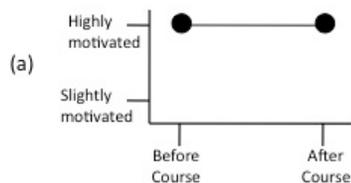

- turned off the water while brushing teeth
- recycled paper, glass or aluminum
- washed clothes in cold water
- unplugged appliances to eliminate 'ghost' power use
- walked or biked instead of using a car
- turned off lights when leaving a room
- used public transportation instead of a car
- used a 'power saver' scheme for your computer
- purchased locally grown food
- brought a reusable bag to the store

When you engage in sustainability behaviors such as those listed in the previous question, what factors or sources of information influence your decision to do so? (mark all that apply):

- desire to save money
- concern about limited natural resources
- concern about global climate change
- concern about pollution
- desire to reduce dependence on foreign energy sources
- family
- friends and peers
- college courses
- the media, including the internet
- not applicable; I don't engage in any of the listed behaviors

## Question 8

People differ in how motivated they are to take action in their personal and professional lives to create a more environmentally sustainable society. Which of the following graphs best represents your degree of motivation before and after taking this course or studying this module?

Please select the graph which represents your degree of motivation before and after taking this course or studying this module.

- Graph A  
 Graph B  
 Graph C  
 Graph D

## Question 9

As you think about your future, can you envision using what you have learned in this course to help society overcome problems of environmental degradation, natural resources limitations, or other environmental issues?

- Yes  
 No

If yes, how?

If no, why not?
