

Practice with Remaining baMELs

Goals of This Session

- Become familiar with the last two baMEL topics
 - Extreme Weather (ExWx)
 - Fossils (F)
- Practice facilitating a baMEL

Within Your Groups

- Select someone to be the teacher, others act as students
- Select ExWx or F
- Practice major chunks/questioning, etc. for 10-15 minutes (we'll call time)
 - Draw in questions constructed earlier (Teacher Guide Activity)
 - Note any new questions that emerge as you are practicing
- When time is called, rotate, being sure that everyone gets a teacher opportunity and both baMELs are covered by ____pm

Within Your Groups

- Select someone to be the teacher, others act as students
- Look at Extreme Weather
- Practice major chunks/questioning, etc. for 10-15 minutes (we'll call time)
 - Draw in questions constructed earlier (Teacher Guide Activity)
 - Note any new questions that emerge as you are practicing
- When time is called, rotate, being sure that everyone gets a teacher opportunity
- Repeat with Fossils baMEL

Discussion

- What did you notice about leading the baMELs?
- What problems did you have?
- What opportunities did you find?
- What questions remain?
