

Geology 3041 – Oral presentation evaluation form – Dr. Henry

Student evaluator: _____

Evaluate each speaker on a separate evaluation form. Remember, that your participation in the evaluation of your fellow students is important, and will be considered part of your score for this exercise. Each speaker will have these evaluation forms returned to them, without your name or hand-written comments to retain anonymity. Add comments to justify the score. If more comments are appropriate, use the back of the sheet.

The final score will be assigned using the following scoring rubric: Dr. Henry evaluation: 50%, student evaluations: 50%, participation in evaluation: 5% (bonus).
